UNIVERSITY OF TEXAS.

CIRCULAR NO. 9.
(Fourth Edition.)

SEPTEMBER 23, 1891.

INFORMATION IN REGARD TO MATRICULATION, ENTRANCE EXAMINATIONS, BOARDING HOUSES, BRACKENRIDGE HALL, ETC.

All Applicants for entrance into the University, both those who have attended previously and those who apply for the first time, are requested to procure a blank Application form. This can be obtained from the Janitor in the Regents' room, or from the Proctor in the Library. This blank must be filled out and presented by Applicant to the Chairman of the Faculty in his office. Upon receiving this application, if the Applicant is applying for the first time, is not less than sixteen years of age, and can furnish evidence of good moral character, the Chairman will issue a "Permit to be Examined." This "Permit" must be handed to the Professors to whom it is addressed, who will be found in the rooms adjoining the Chairman's office, or in their respective lecture rooms. The Professors will either immediately examine the Applicant and record the result upon the "Permit," or, if it is not convenient to examine the applicant immediately, a time and place will be indicated for the examination, and the result will then be recorded. After all the Professors to whom the "Permit" is addressed have been seen, and the results of all the examinations have been recorded, the "Permit" will be returned to the Chairman of the Faculty, who will issue a "Permit to Matriculate" in the University (provided the Entrance Examination in English has been passed), and to enter such classes as have been designated by the Professors to whom the "Permit to be Examined" was addressed.

In case the Applicant has previously been admitted to the University, the Chairman will give him immediately a "Permit to Matriculate," together with his "Course Card."

The "Permit to Matriculate," both in the case of the new student and of the old student, must be presented to the Proctor, who will receive the annual fee (\$10 in Academic Department and \$50 in Law Department—Law students who have previously matriculated will be charged only \$20), and Library Deposit (\$5), and countersign "Permit." The "Permit to Matriculate" thus countersigned must be handed to the Professors to whom it is addressed, who will record the

name of the student on the roll of the class to which he has been assigned, and note upon the "Permit" the date of such record. The "Permit to Matriculate" thus countersigned and noted must be returned to the Chairman of the Faculty.

ENTRANCE WITHOUT EXAMINATIONS.

Students who have attended the University one or more sessions will, as indicated above, be admitted to advanced classes, if so entitled, upon presentation of their "Course Cards" to the Professors concerned. After enrollment these students will be permitted to keep their Cards during the Session, but they are requested, if Undergraduates at the end of the Session, to deposit them with the Proctor that they may be written up.

The graduates of approved High Schools will be admitted to the University without examination, provided they have reached the required age, and provided they present themselves for admission at the beginning of the scholastic year next succeeding their graduation from the High School. If, however, a graduate of an approved High School is not sixteen at this time he will be allowed to enter when he attains this age.

ENTRANCE EXAMINATIONS.

All applicants for admission into the University for the first time, and who are not graduates of approved High Schools, will be required to pass the entrance examinations as set forth in the Catalogue of 1890-91, pp. 29, 30, 31.

The ENGLISH examination will be held in the History room, beginning 9 a. m. Thursday, September 24. Applicants not examined in English on Thursday will present themselves at the same hour on Friday, the twenty-fifth. Those not examined on Thursday and Friday will present themselves on Saturday at 9 a. m.

The HISTORY examination will be held in the History Room, beginning at 3 p. m. Thursday and continue Friday and Saturday, as in case of the English examination.

The entrance examination in MATHEMATICS will be held in the Mathematics room, beginning at 9 a. m. Friday, the twenty-fifth, and continuing Saturday, as in case of English and History.

Examinations to enter the other schools of the Academic Department will be held in the lecture rooms of the several Professors at a time indicated by them when the Permit to be Examined is presented.

The entrance examination in LAW (English and Math. or Eng. Hist.) will be held in Judge Gould's lecture room, beginning at 9 a. m. Thursday, September 24, Friday, September 25, and Saturday, September 26.

Applicants are urged to present themselves promptly at these examinations, as tardiness will not only delay matriculation, but may be taken into account in estimating the value of the examination.

Upon receiving the "Permit to be Examined," with result of examinations recorded upon it, applicants must report immediately to the Chairman of the Faculty and secure a "Permit to Matriculate."

THE BRACKENRIDGE HALL.

It is with pleasure that attention is called to the erection, on the University Campus, of a Hall, by means of which the expenses of students while attending the University may be materially reduced.

Rooms will be assigned upon application to the Proctor. Preference will be given, in accordance with the wishes of the donor, to the Academic students. Among Academic students preference will be given to those who have attended the University one year or more; and among these preference will be given to those taking the regular courses. In other words, the regular Senior Academic students will have first choice of rooms, the Juniors next, the Sophomores next, and then those irregular and special students who have attended the University at least a year.

Only two students will be allowed to occupy a room, and before taking possession they will be required to sign a contract in which is fully set forth the terms and conditions of occupancy. The rooms will be furnished by the Regents with bedstead, bureau, table and chairs. The rent of each room will be \$6 per month, payable in advance at the beginning of each month.

The lowest story or basement of the Hall will be occupied by the Restaurant, where meals will be furnished, as far as possible, at actual cost. This Restaurant will be open not only to those who occupy rooms in the hall, but to any student admitted to that privilege by the Proctor, and to any member of the Faculty who may choose to patronize it. In this way it is believed that the benefits of the Restaurant can be enjoyed by a number of students who room elsewhere than at the Hall.

The experience of last session shows that board, lodging, lights and fuel, at the Hall, need not cost students more than from \$13 to \$15 per month.
